### Director of Fleet Maintenance

**Do you hold the fortitude to revolutionize?**

We seek a maintenance leader who holds strong ethics, shrewd ideas, is complemented by trial and error wisdom, is a visionary thinker with the ability to implement details, and has interest in a whole daily business operation and its essential link to maintenance, understanding of a safe and customer appreciative transportation company, technological savviness, and a positive engagement approach.

**Agenda:**
- Work with senior leaders and a mechanical team to ensure timely and safe fleet & parts management.
- Lead an inclusive team of professionals and technicians in revolutionizing a shop by brainstorming together what is possible—then designing and delivering a phased plan that builds upon the best of the past and materializes a compelling future.

**Duties and Responsibilities:**
- Develop and maintain company maintenance strategies for a fleet of 1,300+ vehicles (school buses, motor coaches, shuttle vans, etc.), department best practices and employee growth programs, and act as an advocate for the mechanic team.
- Lead an inclusive team of professionals and technicians in revolutionizing a shop by brainstorming together what is possible—then designing and delivering a phased plan that builds upon the best of the past and materializes a compelling future.
- Provide consistent coaching and feedback to the managers.
- Collaborate with the executive team to achieve and exceed company goals.
